

WORKING GUIDE

SysCurve ICS to Excel Converter

A practical guide to install the software and complete the core workflow on Windows.

Product page: <https://www.syscurve.com/ics-to-excel-converter.html>

01. Introduction

SysCurve ICS to Excel Converter saves calendar entries from ICS files into XLS or XLSX workbooks for Excel-style review and reporting.

Use this guide to load calendar files, preview event data, choose workbook output, and create Excel files from local ICS exports.

02. Key Features

- Exports ICS calendar data to XLS or XLSX workbook format.
- Supports one combined workbook or separate workbook output for each selected ICS file.
- Displays calendar entries before export so the selected data can be checked first.
- Includes useful fields such as summary, start and end values, location, organizer, recurrence details, and source file information.
- Works with selected ICS files or folders that contain calendar exports.
- Creates new workbook files locally while leaving the source ICS files unchanged.

03. System Requirements

Requirement	Recommended
Operating System	Windows 7, 8, 10, 11
Processor	Intel or compatible processor
RAM	4 GB minimum; 8 GB recommended for large calendar files
Hard Disk Space	500 MB for installation, plus space for generated output files
.NET Framework	Version 4.7.2 or higher

04. Installation Steps

1. Download SysCurve ICS to Excel Converter from the official SysCurve website.
2. Run the installer and follow the on-screen instructions.
3. Launch the program from the desktop icon or Start menu after installation.

05. How to Use

1. Open SysCurve ICS to Excel Converter.
2. Select the ICS files or folder that contains the calendar files you want to export.
3. Review the preview list to confirm the calendar entries loaded correctly.
4. Choose XLS or XLSX output and decide whether to merge selected files into one workbook.

5. Select the destination folder for the generated workbook files.
6. Start the export and review the saved Excel output from the destination folder.

06. Support
